

Samiksha Kathale

Data Scientist
Navi Mumbai/Pune
samiksha020304@gmail.com

SUMMARY

Highly motivated candidate with hands on experience in building data driven models and optimizing business processes through data science , my experience includes building predictive models, automating data cleaning processes, and effectively communicating findings to both technical and non-technical stakeholders. I am eager to apply my analytical abilities and passion for data-driven decision-making in a professional setting.

SKILLS

Data Analytics	C/C++/Java/R	Next.Js/React.Js
Machine learning	SQL	React Native
Python	Big Data tools	Css/Javascript

PROFESSIONAL EXPERIENCE

A3M Next.Gen

Full Stack Developer

Used Next.Js , React.Js , React Native , Javascript , CSS and web development skills to build fully functional web pages also had hands on experience in developing real time projects , highly scalable web applications including front-end , back-end and api

RSL Solutions Pvt. Ltd

Data Science Intern

Assisted project managers in building real time data analysis models which can import , pre-process and analyze the data using various ML models and generate insights for any business . I contributed in handling large data sets, creating predictive algorithms resulting improved operational efficiency

EDUCATION & CERTIFICATIONS

Bachelor of Data Science

Majors: AI and Machine Learning

Google Analytics Certification

Google

Certification of completion of Introduction to Information Security

Great Learning Academy

PROJECTS

Heart disease prediction model

Python and ML

Voice Assistant

Python and ML

Sign Language Detector

Python and ML

Personal Blog and Portfolio

Next.Js , Javascript, css, vercel app

Mini Games

Python and python libraries
